IT is thought unnecessary to say much with respect to this Library of the late Dr. ANTHONY ASKEW, as the Collector was, and the Collection is so well known in almost all parts of Europe: I shall therefore only beg leave to mention the manner of taking the Catalogue, and of some few particulars.

IN ORDER to render this CATALOGUE of *very rare and valuable Collection of Books*, as useful to the Public as possible, it is form'd into four different Alphabets, *English, French, Italian and Spanish, and Greek and Latin*; the Italian and Spanish Books (being few) are put in one Alphabet, and the Greek and Latin in one Alphabet also, because the two Languages are so frequently connected.—The Books and Tracts that are bound together of various Authors, (*of which, many are extremely rare and curious*) are all put in the last Day's Sale, as it was impossible to put them in the same alphabetical Order with the others.

The Compiler hopes to be excus'd the Errors that may appear in the Catalogue, as he is conscious it is not without many, owing in some

A 2                      degree

degree to his earnest desire of an early publication of it in all parts of Europe.

The Books in general are in *very fine condition*, many of them *bound in Morocco, and Russia leather, with gilt leaves.*

To give a particular Account of the *many scarce Editions* of Books in this Catalogue would be almost endless, therefore the **FIRST EDITIONS** of the **CLASSICS**, and *some extremely rare Books* are chiefly noticed.

This Catalogue without any doubt contains the *best, rarest and most valuable Collection of GREEK and LATIN Books* that were ever sold in England, and the great Time and Trouble of forming it, will, it is hop'd, be a sufficient Excuse for the Price put to it.

In the last Day's Sale will be sold two very ancient Marbles, which Doctor Askew brought from Greece.

After the Sale of this Catalogue of Books, will be sold his Collection of *Prints and Drawings*, by **BAKER and LEIGH**.

*De his Duabus Editionibus Horatii in Hoc Catalogo; vide* *Bibliographie de M. de Bure.*

*Ne connaissant pas actuellement plus à fond ces deux Editions, dont il ne nous a pas été possible de découvrir aucun exemplaire, nous ne pouvons donner plus d'éclaircissements à leur Sujet. De Bure, No. 2711, pages 310 and 311 Belles Lettres.*

In this Book is this Note — This Book is so extremely rare that I never saw any other Copy of it, except that of Mons.

Mons. de Boze, who told me he gave 650 Livres for it.  
 — Mr. Smith our Consul at Venice wrote me word that  
 he had purchased a Copy, but that it was imperfect.—  
 — Lord Oxford offered Mr. Maittaire Fifty Guineas for  
 this identical Copy.

*in corio turcico, cum foliis deauratis, Mogunt. ap. Petr. Schreyffer, 1471*

In this Book is this Note — Concerning this *Epistola Lugubris* of Rodericus Santius, see *Fabr. Bibl. Mediæ & Infimæ Latinitatis*, pag. 113 and 114. *Edit. Venet.* Vol. 6.—Fabricius knows nothing of this being printed, but gives you an Account of a MS. of it in the Vatican under this title *Relatio de Negropontis Expugnatione*, and refers you to page 141 of Montfaucon's *Bibliotheca Bibliothecarum*. — It was certainly printed before the Death of Santius who died in the year 1470 — He published in his Life time at Rome *Speculum Vitæ humanae*, &c. which Swaynheim and Pannartz printed in the year 1468, and his *Historia Hispana* in 1470 — Probably this Epistle was sent to Schoefffer at Mentz between 1466 and 67 to be printed, as then they had no printing House in Italy — It is the very same Type with the *Valerius Maximus* of Mentz, 1471, and probably the first Essay of that Type, as it has neither Printers Name, Place or Date.
